The Workshop will feature presentations on the following subjects:

**Weed Management:** Brian Connelly will provide useful information on successfully identifying and treating weed concerns on your property.

**Pasture and Grazing Management:** Morgan Renner will present landowners with the best methods for creating a healthy pasture. He will also demonstrate how to effectively construct power fencing to best manage your small acreage.

**Landscaping:** Tom Heald will highlight the xeriscaping method of landscaping and emphasize its advantages for the dry Wyoming climate.

**Septic Systems:** Ryan Radden will educate landowners on how to properly install and operate a sound septic system.

**The Small Acreage “Hands On” Workshop will also feature a Kids Activity Center! A variety of fun and education activities will be provided for children over 2 years of age throughout the day while you enjoy the workshop. We simply ask you pre-register your child to help us plan appropriate activities.**
